

## **Aloye Computer Enterprises** *Mission*

**Aloye Computer Enterprises** is relentless in its efforts to provide superior information technology services and unparalleled technical support to all of our corporate clientele. We believe that in the changing world of business, small and medium size companies can maximize their capabilities by utilizing the knowledge, experience, and "full service" technology resources of an experienced, local technology provider. Equipping your business to maximize the capabilities of high technology will increase your business's potential to offer products and services, as well as extend the scope and range of customers that can be reached.

**Since its inception in 1998**, Aloye Computer Enterprises mission has been to design, build, and support various types of technology and computer infrastructures that are in use today. We believe that business is about efficiency. Cost, efficiency, and capabilities are contributors to the success of an enterprise.

**Aloye Computer Enterprises** mission is to empower our clients with a strong technology foundation. We know your mission is to succeed. Our tools will help you to do it.

# E-Commerce Solutions

## E-Commerce Architecture

Aloye E-Commerce Solutions are designed for quick and easy setup and maintenance of your e-business infrastructure.

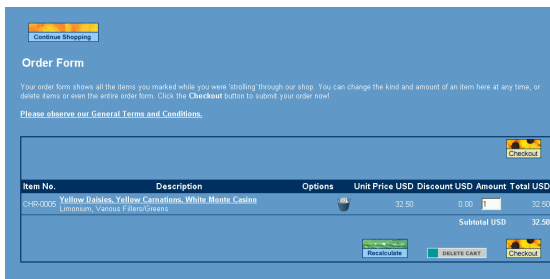

## Shopping Cart Technology

All e-business web sites are designed with breakthrough shopping cart technology that allows the shop keeper the option to include tax, shipping charges, and miscellaneous fees as part of the client invoice.

All shopping cart order and payment information is converted into email and sent through the Aloye Computer Enterprises secure email gateway, making order receipt and processing easy, convenient, and secure. All sites are secured with SSL/Encryption.

Customers can pay online using their credit card, in addition to many offline payment options.

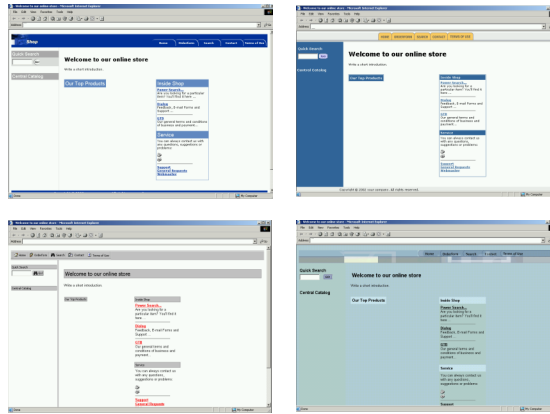

## Store Styles & Types

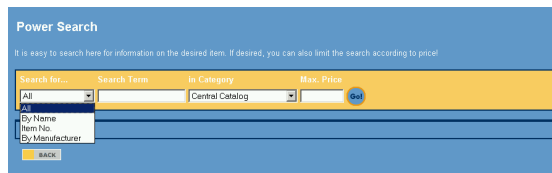

Our online stores can be customized to conform to the specific styles and design taste of the owner.

Our web based search interface allows shoppers to search your online store by item, product category, and price, in addition to other search fields.

## Store Themes & Customizable Styles

## Search Interface

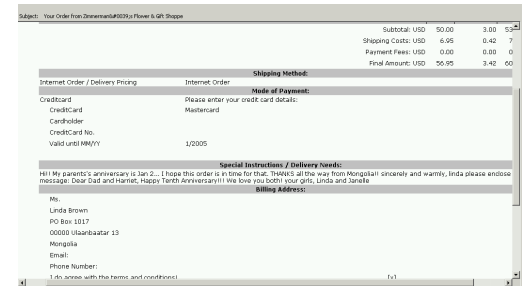

## Quick, Easy & Affordable

Setting up your e-commerce store is quick, easy, and affordable.

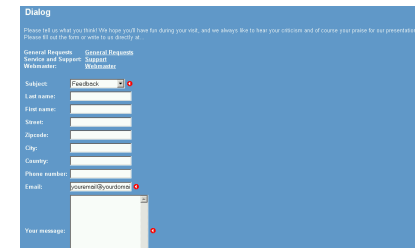

Simply complete our e-commerce setup form, select your store theme, enter your product data into our product upload form, and add pictures. Then choose your acceptable payment types, shipping options, and fees.

Once we receive your completed product upload form and store, your store will be ready for customers to start shopping.

## Email Order Transmission

## Customizable forms

## Web Product & Pricing Updates

Shop owners can utilize our current product and pricing update system to modify products, change pricing, and rotate inventory.

Our e-commerce product & pricing update subscription service is the e-commerce equivalent of software maintenance.

With a subscription to the product and pricing update service, your organization will benefit from having the power to frequently update pricing and product information. You will also have the ability to rotate inventory according to a schedule that is best suited for the needs of your business.

Aloye Computer Enterprises has made a firm commitment to providing high quality software in addition to bridging the gap between quality and affordability. Our breakthrough e-commerce technology can transform your business so it can benefit from the potential opportunity that exists online. Aloye Computer Enterprises E-Commerce can give your business the added edge over the competition. Call us now for a free consultation.
